(Oak Brook, IL – May 23, 2017) – It's one thing for a group of employees serving on their employer's Fun Committee to share their love of pets. At Oxford Bank & Trust the employees are taking their love of animals to the next level. They have come up with a plan to raise funds and other items for three local animal shelters.

After researching local animal shelters, members of the Fun Committee at Oxford Bank selected three shelters which will benefit from bank-wide fundraising efforts during the month of June. Oxford Bank's Naperville and Plainfield branches will assist Help Save Pets, the Addison offices will support the Buddy Foundation and bank employees at the Westmont branch and the corporate office in Oak Brook will aid the West Suburban Humane Society.

Each Oxford Bank location is dedicating the month to pet awareness and collecting donations for the shelters. At the end of June the bank will present each shelter with a check along with the pet-friendly items that have been collected. In the meantime, decorations at each Oxford location will feature photographs of employees' pets as well as cut-outs for each donation received.

Support for animal shelters comes naturally to Oxford Bank where for many years customers have been encouraged to bring their dogs to the bank and employees have come to know many of the pets as well as they do their customers.

Customers and other community members who are interested in supporting Oxford Bank's Animal Shelter Drive may make their donations at any of the six branch offices -

ADDISON – Lake Street Branch at Lake St. & Marcus Dr. & Addison Road Branch at Addison Rd. & Lake St.
